

Laurence Inniss

- JET (Sasebo, Nagasaki): 2008 – 2013
- JET (Sasebo, Nagasaki) Block Rep: 2009 – 2013
- JETAA Trinidad & Tobago President: 2015 – 2022
- JETAA Trinidad & Tobago Country Rep: 2016 – 2022

I have been the president of the Trinidad and Tobago chapter from inception and though it is a relatively young chapter, I have seen it grow in many regards. I have faced and overcome many of the challenges both new and seasoned chapter leadership have. I believe this has taught me to be versatile in problem management, a needed skill in the JET/JETAA leadership realm.

Over the years my chapter has forged connections through collaborations with other Japan related organizations here in Trinidad & Tobago. I aim to use this concept where possible to gain better support for all chapters in JET and Japanese promotion.

My hope as my final term as country rep and president comes to an end, is to support to the executive leadership in accomplishing our set goals for the future while ensuring the voices of the small and single chapter countries are represented. I thank you for your consideration and hope to work with our Executive and Board of Advisors come April as your new Vice Chair.

Laurence.
